acquisition is put up The proposal has apparently been sent up on personal instructions received by the Dy Commr from the Dewan - The papers put up in the file do not completely explain what these instructions were - In the absence of information I am unable to say anything on the merits of the proposal

I am however under the impression that, according to a scheme submitted by the Inspectress for the improvement of female education including the Maharani's College, ~~that~~ the present Widows' Home maintained by Mr Narasimmangar formed the Student' Home & that no change of location was intended, except that it was proposed to rent & acquire the Velandur Jahagirdar's bungalow adjoining Mr Narasimmangar's residence. How far these proposals accord with the project of acquiring the Kuthalaya buildings for the Students' Home or which of these is the more suitable

5) I think that there is no immediate need to acquire the place now We may defer the question till the question of locating the Representatives' home is decided

I am told that the place now ~~Sele~~ meant for Another large is in the Bhamaraja Road This is an unhealthy quarter, and I should prefer some other site A place on the Dewal Road (Devaji Rao's Site) is mentioned as suitable This must be duly Considered -

What is the area of this site?

Is there any objection to giving this site to the Anathalava, on account of the proximity of the site to the Maharani College?

If the Anathalava is to be removed, would it not be well to remove it to some distance from the neighbourhood, where the girls would be constantly going and coming?

The Deputy Commissioner may meet the President of the Municipality, the Health Officer, Mr Anniah Pandit and the members of the Anathalava Committee, discuss all aspects of the case and submit a brief report embodying the views of the gentlemen consulted, with his own definite recommendations

(23) From the Do correspondence (D-i's letter S 2 & 20/8/13 to G & R Secr) it is inferred that the acquisition will be merely formal & that no money compensation will be necessary as the Anathalaya gets a large site in exchange free of cost. I do not know whether this is correct as intended

In returning Mr K R Srinivasiengar's D O No 43 dated the 13th August 1913 calling for information on the acquisition of the existing building of Anathalaya to Government I am to state that (1) the extent of the site on which the presen Anathalaya building stands is 75'X129' =1075 square yards, (2) the extent of the site resolved by the Trust Board to be granted free of cost subject to the authorities of the Anathalaya furnishing plans forthe Board's aoproval is 137½100' X 164₂/=27714½ square yards There were no further conditions mentioned in the resolution under reference But when the same land had been offered to the construction of a school building for Jayalakshmivilas Arya Balika Patasala the following conditions had been stipulated and sanctioned by Government in their Proceedings No 10308-70 L1 139-08 dated the 18th May 1910 -

Key

(1) that the wor is commenced within 12 months and carried to completion in two years and

(2) that if the site is utilized for any other purpose than that of school it ~~would~~ should revertvto Government with all structures on it unconditionally It must be inferred that the same condi ions also should hold good in this case as well

(3) The Anathalaya authorities not having furnished the plan of the building intended to be erected on the above site the submission of the question to Government is delayed

2 The last para re the justification in demanding compensation can better be answered by you The value of the land of both the sites is the same

Sir,

I have the honor to state that as desired in your letter No 10779-Edn 9--13-36 dated 27th ultimo, I met the President, City Municipal Council, the Health officer, Mr A Anniah Pandi and some members of the Committee for the management of the Anathalaya, this morning and discussed the question of shifting the Anathalaya

The Health officer approves of the site in Valagadakere given to the Anathalaya committee by the Trust Board for constructing a new building The Committee as intimated in my D O letter No 472 dated 8th August 1913 to you are desirous of building on this site

The new building will be on the Chamaraja Road and far away from the Maharani's College or the Hostel for girls

All that Government have now to do is to finally approve of the grant of the Valagadakere site made by the Trust Board and to sanction acquisition of the present Anathalaya premises The Committee pray for early orders as they are urgently in want of extra accommodation and can neither improve the existing building nor build on the new site

The site which once belonged to the Anathalya and is to the east of the site acquired from Mr Doraswami Iyer is shown in the enclosed plan and the dimensions are also given It will not at all be useful to the Anathalaya now as it is separated
